### XXXI Oilseed Crops Conference

will be an excellent forum for participants to exchange ideas in the field of plant breeding, genetics, molecular biology, biotechnology, physiology, biochemistry, phytopathology, cultivation technology, organization of production and economics, processing and storage technology, biological value of products and biodiesels.

The organisers expect recognised keynote speakers and specialists both from Poland and other countries.

The oral presentations, short communications and poster presentations will be presented within six themes: genetics and breeding, biotechnology and molecular biology, agronomy, pests and diseases, analytical methods, processing technology and biological value of oil and rapeseed meal.

Contributors are requested to specify the title of their intended presentation which will fit the themes and related topics. The information should be sent to the address below or via email to [postbox@nico.ihar.poznan.pl](mailto:postbox@nico.ihar.poznan.pl). Due to the organisation matters the Scientific Program Committee is eligible to change the form of the presentation.

Posters should consist of the title in both Polish and English, abstracts in English, figure and table legends in Polish and English. The size of the posters should be 150 cm in width and 108 cm in height.

Abstracts of presentations will be published in Conference Book of Abstracts in both Polish and English. Therefore, please send the abstracts containing the title, names of the authors, institution, results and discussion on time.

Abstracts should be sent in Word format via email to [mogrod@nico.ihar.poznan.pl](mailto:mogrod@nico.ihar.poznan.pl). The organisers will not make any language corrections of the content of the abstracts.
